## Education

**2025 Masters Degree** | Interaction Design  
2027 University of Queensland

**2021 Bachelors Degree** | Interior Design  
2025 San Francisco State University

**2025 Graduate Certificate** | Information Technology  
University of Queensland

## Experience

**2024 Founder + Front-end Developer**  
PRESENT The MX Studio | Brisbane, AU

Developed responsive website with HTML, CSS, and JavaScript. Developed site architecture, brand identity, and UX framework with accessibility best practices. Implemented core SEO foundations including structured metadata, sitemap, and optimised page hierarchy.

**2025 Client + Project Manager - SEO and Website Development**  
PRESENT Digital Bazaar | Remote

Manage client relationships while leading SEO strategy, KPI tracking, and CRO-focused website improvements. Coordinate internal SEO and development teams and directly implement UX and conversion-driven changes across client sites.

## UX + Web Design Projects

**2025 Front-end Developer + UX Researcher**  
PlatePals | Community Connect Initiative (CCI)

Designed and prototyped a culturally inclusive recipe-sharing platform, conducting UX research and building a responsive front-end in HTML/CSS/JS with an API-powered submission flow.
